Sir,

I have the honor to submit that it is necessary to define more satisfactorily the relations between the Police Assistant Commissioner French Rocks Sub-Division and the Sub-Divisional officer on the one hand and the Deputy Commissioner Mysore District on the other. The Sub Division Police Assistant Commissioner at present corresponds with this office through the Sub-Division officer and the Deputy Commissioner. This course is circuitous and often entails long delay in the disposal of matters. The Diaries, Progress Reports and 1st Intelligence Reports, all these at present pass through the Deputy Commissioner and Sub-Division officer and are not, in consequence, received by me till after they have become mere records of past transactions and till it is too late to issue instructions on them. I am of opinion therefore that the Sub-Division Police Assistant should be subordinate to and carry on official correspondence through only one of these two officers.

Sir,

I have the honor to submit that it is necessary to define more satisfactorily the relations between the Police Assistant Commissioner French Rocks Sub-Division and the Sub-Divisional Officer on the one hand and the Deputy Commissioner Mysore District on the other. The Sub Division Police Assistant Commissioner at present corresponds with this office through the Sub-Division Officer and the Deputy Commissioner. I am of opinion therefore that the Sub-Division Police Assistant should be subordinate to and carry on official correspondence through only one of these two Officers.

2. I think there are several advantages in the arrangement that the Sub-Division officer should be the head

of the Sub-Division Police. In the first place it will tend to the harmonious working of [illegible] the Police and Magisterial functionaries in the Sub-Division, as well as of the Village Police. Instructions in important cases can be more promptly given by the Sub-Division Officer living in the Sub-Division than by the Deputy Commissioner of the District. I understand moreover that the Deputy Commissioner of the Mysore District, has so much to do with the Police, Forest, Magisterial and Revenue duties that he can hardly spare any time for the supervision of the Sub-Division Police. I think under these circumstances that the Sub-Division Officer may exercise the functions of the head of the Sub-Division Police with ultimate responsibility for its administration. He may correspond direct with this Office. The functions of the Deputy Commissioner in the Sub-Division will be confined to his powers as the District Magistrate of the District.

3. In forming an office for the Sub-Division Police I have asked the Deputy Commissioner what establishment would be required and I shall submit proposals on receipt of a reply.

Dated Mysore 17th Septr 1889

From,

Deputy Commissioner

To, The Chief Secretary to the
Government of Mysore

Sir,

In returning the enclosure
of your docket no 4702/289, dated 12th
instant, I beg to state, that though
I have some little doubts which I
find it difficult to formulate, I
have no objection to the course
suggested by the Inspector General
of Police, if it commends itself to
Government, because indeed the
capacity of the Deputy Commissioner
of the Mysore District to meet the
various, and increasing demands
upon his attention, and the suffi-
-ciency, or otherwise of the means

with which he is provided for
meeting those demands, and
the manner in which, and extent
to which deficiency in the latter
respect should be met, are emi-
nently matters for Government
to think of, and decide upon on,
a comprehensive view of the whole
subject.

2. I am not aware that there
has been delay in the submission
of the French Rocks Police Assistant
Commissioner's Diaries, Progress
Reports, and Pt. Intelligence Reports
to the Inspector General of Police.
If there has been delay, it can
hardly be attributed to their
passing through the Deputy Com-
missioner, because as a matter
of fact, they have not been so
passing. The Police Asst. Comm'rs

weekly Diaries (which contain very little important matter, and never of any urgent importance) and his batta bills, are all that have been passing through the Deputy Commissioner - As a practical working arrangement, the "practice has been for the Police "Assistant Commissioner, to send direct to the Inspector General of Police, his returns, and 1st Intelligence Reports, signing them "For Deputy Commissioner". and to send the office copies for the information of the Sub Division Officer, and Deputy Commissioner. If nevertheless there has been delay in their submission, the Police Assistant Commissioner has to explain the same -

3. I do think also, that the Sub

Division Officer should have control over the Sub Division Police, and being of this opinion, I have adhered to the standing orders which regulate the relations between Police Assistant Commr. and Sub Division Officer, and the Deputy Commissioner, and which were laid down when the office of Police Assistant Commissioner was reestablished a few years ago, throughout the Province.

4. I will not grudge a large extra Establishment to the Police Assistant Commissioner, at French Rocks. But such a one is very much less urgent, than needs elsewhere. While Mr. Madhavarao was Sub Division Officer, the Police work of the Sub Division was

P. 594

entirely looked after by him,
and he had a staff of two clerks
for the work. A Police Assistant
Commissioner having been
appointed for the Police branch, I
do not know that any extra
establishment is for that reason
called for, more than a few order-
-lies, the two clerks of the Sub Divi-
-sion's staff being already
transferred to him. With no
increase in Police work, nor in the
number of Magistrates in the Sub
Division, I see less need for a
Police Head Quarter Inspector, and
Jamedar, and so forth than for
instance for a Police Clerk, or two,
in the District office itself, to deal
with Police papers that ought to
come before the Deputy Commis-
-sioner which it is now impossible
to deal with. Those that do come

being dealt with by Judicial
Department officials, who have
otherwise full work.

From The Dy Commissioner

To The Chief Secretary
to the Government of Bengal

Sir,

I acknowledge the receipt of your docket No 3388/149 of the 15th July last forwarding for an expression of my opinion certain correspondence regarding the working of the Police of the French Rocks Sub Division. I have the honor to state that I have no great objection to the proposals made by the Inspector General of Police regarding the Sub Division police being separated from the District and placed under direct Control of the

2nd Division offices

I have not been satisfied at all with the working of the 2nd Division Police hitherto and I am afraid Mr. North did not take sufficient interest in the men and their work, but I trust Mr. Gopaliengar will now work them up to standard.

Rather than divide the control, however, I believe it would be decidedly for the interests both of the Police and the Public, to bring the 2nd Division Police more closely under one head. Ganjam and Vizagapatam for instance are so closely connected with Imphore that it is most desirable that the Police of both places should be under the same immediate supervision. Bad and doubtfull characters of all sorts being

perpetually on the move between these two places and Ingonish.

I would suggest that the Police be all put under the Superintendent of Police Ingonish who should be the Superintendent of the whole District and ~~is responsible~~ responsible for the whole of Police force and that he should be given two young and active Assistant Commissioners to assist him in inspection and other duties.

I trust I will not be considered as travelling beyond my province when I point out that this will be the best way to train young officers for Police work which does require special training if the force is to be kept efficient.

If this is done the Head Quarter Inspectorship at French Rocks might be abolished and

from his pay the two Munshis who would be required for the Assistant Commissers Offices could be provided.

Sir

With reference to your letter No. 9295/1176, dated 17th Ultimo, forwarding for any further remarks which I may have to offer on the Subject of amalgamation of the Police of the French Rocks Sub-Division and Mysore District Proper under one Head, the Superintendent of Police, assisted by two Police Assistant Commissioners, I have the honor to report that on the whole, I am inclined to agree with the — Deputy Commissioner who in fact is the District Magistrate of the whole district, including the Sub-Division. The present round-about process is not working well and experience has shewn that divi-

authority

authority is not favorable to Police efficiency. What is stated about Ganjam and Seringapatam is very true. No efficient District Magistrate would like to be — ignorant of what is going on in such places so close to his Head Quarters and so full of bad characters. I would therefore place the Sub-Division Police as well as that of the District proper under the Deputy Commissioner as the head of the Police and I would relieve the Sub-division Officer of all Police functions. After a time, it may be necessary to go even further than the proposals of the Deputy Commissioner as regards this large and important District with the other most varied and heavy work of the — Deputy Commissioner. I would be in favor of relieving the Deputy Commissioner of Police duties other than those appertaining to his functions as District Magistrate. Similarly I would recommend the — Severance of the connection of the Amildars with the Taluk Police. The experiment in my opinion is well worth trying. Experience afforded by the past tends more and more to the conclusion that divided authority is opposed to Police efficiency, and that Amildars as a rule can never be expected to enter into Police investigations with the skill and ready

Resource

resource and accumulated experience of a good Inspector. To the tried Inspector may be entrusted with confidence both delicate and difficult cases with a good prospect of success. The chances of the Amildar being similarly successful would, in most cases be small, unless indeed the Amildar happened to be formerly a Police Officer and then too he might lack time.—

I have the honor to be,
Sir,
Your most obedient Servant,

Inspector General of Police.

SIR,

In continuation of this Office Letter No. 2035/284 of the 10th December 1890 to your address on the subject of the relative position of the Assistant Superintendent of Police French Rocks to the local Sub Division Officer and the Deputy Commissioner Mysore, I have the honor to recommend that the Police of the French Rocks Sub Division may be placed directly

under the Sub Division Officer for purposes of supervision and control. When I ~~was~~ visited French Rocks for the first time after assuming charge of the Police Department, I was struck with the anamoly of the present arrangement under which the local Assistant Superintendent of Police was practically independent of the Sub Division Officer, who although the head of the Sub Division and responsible for its good Administration had no executive control over the Police. The inconvenience of this arrangement was forcibly brought

GOVERNMENT OF MYSORE

home when I had occasion last year to visit Mailkota in connection with the temple theft case.

I am not satisfied with the working of the Sub Division Police, which I think stands in need of constant supervision by a responsible officer on the spot. For instance when I inspected Seringapatam station on the 24th Instant, I was surprised to find that none of the men present knew drill nor how to hand a gun and this in spite of repeated instructions regarding every attention being paid

to both these essentials of Police efficiency. I am of opinion that it will be conducive in every way to the efficiency of the Force, if the Sub Division Officer is made responsible for the Administration of the Police, the Assistant Superintendent of Police being placed under him — The diaries of the Assistant Superintendent and other important papers may pass through the Deputy Commissioner who will of course exercise a general supervision over the Sub Division Police

I submit a precis,
